

Call for Poster Presentations

DATE:

March 25 & 26, 2020

HOST:

Toronto and Region Conservation Authority (TRCA) and the Canadian Chapter of the International Erosion Control Association

LOCATION:

Pearson Convention Center, 2638 Steeles Ave., E., Brampton, ON

ABSTRACT SUBMISSION:

Deadline: February 7, 2020

Submission must include:

Title: A title that summarizes your project relating to stormwater management and/or erosion and sediment control, or natural channel design.

Abstract: Please submit a summary of your project, which should not exceed one page, via <http://trieca.com/studentposter/>

The following four items must be addressed in the body of your abstract:

1. Situation/problem or objective: Clear description of the technical issue and context or reason for work and how it is relevant to the industry.
2. Methodology: Detailed methods, procedures or testing are described.
3. Results: Sustained finding of resolution or attempt at resolution.
4. Lessons learned: Conclusion framed as take-away lessons or stated.

Incentive to Participate

The student with the top voted poster will win a complimentary conference pass to TRIECA 2021!

All student poster representatives selected to participate will receive a complimentary IECA student membership.

- Students selected to participate in the poster session will receive a complimentary conference pass, valued at \$495. Only one complimentary pass per poster submission.
- Expand your network and meet with industry professionals.
- Exposure to potential future employers.

Eligibility of Poster Submission

- Under-Graduate Students in final year of program.
- Post-Graduate Students in Masters or PhD programs.

Students selected for poster presentation will be notified by February 14, 2020 at which time additional details will be provided.
